

want TO TAKE

AN ART CLASS?

I teach encaustic workshops. You do not need to call yourself an artist to learn. It is such a dynamic and forgiving medium.

Introduction To Encaustic:

Explore painting, collage, scraping, layering, incising and textured finishes using wax in an assortment of vivid and translucent colors. No experience or supplies needed.

How Much Does The Workshop Cost?

The 2-hour mini-beginner workshop is \$90 USD per student. (The time will go by so fast, but it is a perfect intro time)

When is the workshop?

I can accommodate to your schedule.

What is included in class fee?

- 2 hours of combined class instruction and hands-on interaction with encaustic.
- A wood panel ready for encaustic painting.
- Use of all classroom materials such as waxes, brushes, torch, papers, and assorted tools.
